Press Release

The Elevator Show Dubai: Final preparations are underway for the new trade fair for the lift industry

The first edition of The Elevator Show (TES) will take place from 16 to 18 September at the Dubai World Trade Centre. The new trade fair for the lift industry is already experiencing great demand even before its first edition. The trade fair is aimed at the markets in the fast-growing MENA region (Middle East and North Africa) and India. Over 80 exhibitors are taking part in the first edition of the Elevator Show Dubai, presenting a wide range of lift components to international guests in Dubai.

Dubai – A few months before the start of the first The Elevator Show Dubai, the final preparations for the trade fair are underway. Over 80 exhibitors have already registered and only a few stand spaces are still available for the premiere of the new lift trade fair. The Elevator Show Dubai will take place in Za'abeel Hall 6 of the Dubai World Trade Centre. The Dubai World Trade Centre is centrally located, and there are numerous hotels and restaurants in and around the exhibition grounds.

Among the exhibitors at The Elevator Show Dubai 2024 are joint participations from Europe, India and China as well as companies such as Arkel, Invertek Drives, Liftequip, Meiller, Montanari, Orona, Sassi, Schaefer, Sicor, Sjec, Wittur and Ziehl-Abegg. National pavilions are organised by VFA interlift, the Italian organisation ANICA, the China Elevator Association in cooperation with China Shippers and for Indian participants by ISEEVENTUS (formerly TAK Expo).

The Elevator Show Dubai focuses on lift components and corresponding services, contacts to experts and the right know-how. The Elevator Show Dubai offers the lift industry a platform in the Middle East, a flourishing region. Dubai is easily accessible internationally and many nationalities do not require a visa to enter the country. The exhibition centre meets the latest standards and there are numerous hotels in the surrounding area.

As the first international industry event in the region, The Elevator Show Dubai is an important opportunity for companies in the region to do business with global manufacturers, suppliers, installers, planners, developers, architects, engineers and investors. Numerous Turkish exhibitors are also using The Elevator Show Dubai to showcase their products and services to an international audience: "We are excited to attend The Elevator Show Dubai, which will be held for the first time in Dubai. We think that Dubai will appeal to many different countries due to its cosmopolitical structure. We plan to exhibit some of our products such as cabin, door and suspension at the fair", said Kemal Uyumaz, Sales Director of Ah-met Asansör.

The Elevator Show Dubai is organised by AFAG Messen und Ausstellungen, the organiser of the world's leading trade fair interlift, together with the leading industry medium Elevator World.
