The Elevator Show

With a combined industry history of more than 130 years, Elevator World and AFAG are pleased to present The Elevator Show, a new industry exhibition held every two years in Dubai. The Elevator Show will come to be known as the region's top industry event, perfect to do business and network with international manufacturers, suppliers, installers, specifiers, developers, architects, engineers and investors. Expect to see the latest technology, designs and services for the most important piece of equipment in a building—the elevator! Without it, nobody gets to the top! Elevator World and AFAG have accumulated a robust network of over 100,000+ contacts worldwide. With the organizers' experience and resources, more than 100 exhibitors and 10,000 attendees are expected for this inaugural event. Both small and medium-sized elevator component companies, as well as major manufacturers, will exhibit.

Elevator World and AFAG have accumulated a robust network of over 100,000+ contacts worldwide.

The Venue

Perfectly located between Europe, Africa and Asia, Dubai is where the world can convene to see the most famous construction projects ever designed — all incomplete without the most important building-transportation component in the world, the elevator!

The Dubai World Trade Centre (DWTC) is rated one of the best exhibition centers in the world, boasting everything needed to host a world-class event. TES Dubai 2027 will be held in the World Trade Centre. We look forward welcoming you there.

Participants' Rave Reviews About TES Dubai 2024

Doğan Şengün, Arkel Elektrik Elektronik:

"We were thrilled to participate in this year's event and found it to be an excellent platform for showcasing our innovative solutions and connecting with industry professionals. The turnout at our booth was impressive, and we had the chance to engage with a wide range of partners and clients. The show's organization and overall atmosphere truly contributed to the success of our participation. In summary, TES Dubai 2024 was a resounding success for Arkel Elektrik Elektronik. It not only provided us with a platform to demonstrate our leadership in

the market, but also allowed us to gather invaluable feedback and insights from industry peers. We are excited to carry forward the momentum from this event and integrate the learnings into our future endeavors. We believe TES Dubai plays a pivotal role in advancing the industry, and we are proud to be a part of it. We look forward to the future of this collaboration and to participating in upcoming events."

Massimo Santambrogio, Sicor Italy s.r.l.:

"I would like to express my sincere gratitude for the excellent organization of TES Dubai, in which I had the pleasure of participating as an exhibitor. The event was impeccably organized, allowing us to present our company in the best possible way and to connect with numerous potential clients and partners. The care and attention given to every aspect of the event were evident, contributing to a professional and stimulating environment for all participants. A special thank you goes to your team, who were always available and attentive to our every need, making the overall

experience extremely positive. We are confident that the contacts and opportunities that emerged during the event will be highly beneficial for us and we look forward to participating in future editions."

ZHU Weibin, SJEC Corporation:

"The excitement of the 2024 TES exhibition in Dubai is still fresh in our minds, and we have already begun to look forward to our reunion in 2026. We sincerely congratulate the organizers on their continued efforts in creating this international professional platform, allowing elevator professionals from around the world to gather at DWTC. As one of the representatives of China's elevator exporters, we eagerly anticipate an even larger scale and more diverse content at the next exhibition which is two years later, and we are also expecting sparking more cooperation

opportunities with both new and old friends. SJEC is willing to move forward hand in hand with TES, witnessing the next leap of the industry together. See you in Dubai;"

The Organizers

AFAG, founded in 1948, is a premier event organizer based in Germany with more than 16 events on many industrial and general topics. AFAG is famous for interlift, the largest international event focused on elevators in Europe. This event attracts more than 20,000 attendees and nearly 600 exhibitors. There is no other worldwide event in our industry that brings together the international industry as does interlift.

Elevator World, Inc. (EW) has been the leading publisher for the international elevator and escalator industry for more than 65 years. In addition to its core international publication, ELEVATOR WORLD, EW publishes magazines in some of the fastest-growing markets in the industry – India, China, Turkey, the Middle East, Europe and United Kingdom. In addition, EW offers educational products, digital marketing platforms and events.
